## Decrees for America – February, 2024

Decrees have been used for thousands of years by governments as a means to deliver judgments, laws, and orders with the expectation that they will be carried out. Esther, Ezra, and Daniel are books in the Bible about decrees being issued that changed the course of history. Such is the governmental, Kingdom power God has given us through the authority Jesus gives us when we are born again. We have the power to shape our nation, our community and our families by speaking God's Words!

Job 22:28 states that when WE decree something, it shall be established. So let's decree what God has said!

We declare and decree:

- America shall be saved
- Worldwide harvest is coming
- The earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea
- Miracles are on the increase
- Prodigals are coming home
- America will have a wise, God-honoring government
- The hand of God is protecting America's water supply, dams, and ports

...in the mighty name of Jesus! Amen!
